She introduce a new concept of Artificial light pollution and its harmful effect and focused on the lethal of LEDs which disrupts the hormones and the physical functioning and stressed on the important of natural light. She gave the voluntary a different perspective on swatchhata and told that swatchhata is not only related to the environment but also food. she pointed on the ill effects of animal products, processed foods that contain chemical. Fertilizers, foodcolorings, preservatives etc The use of these chemicals kills the micro organisms which further affect the human aquatic life and animal. Today food comprises of more chemicals and less nutrition .further the volunteers were made aware about the concept of Industrialization &commercialization of agriculture.

Moreover she put light on sustainability and how the youth can make a difference .she promoted the idea of organic farming and encouraged the volunteers to grow their own food and protect themselves from the harmful effect of unhealthy food.

IMPACTS:-

The idea of organic farming encourages the volunteer to grow their own food and protect themselves from the harmful effects.
