Teachers need to be continuously motivated to make teaching more effective and efficient. Various such seminars should be organized to motivate the teachers.

Inspiring Teachers

In this orientation program teachers were guided on how to enhance their teaching skills and resources. To engage students in your teaching, the teaching and learning process must be effective. Because if the teacher's teaching is effective and efficient, the students participate more enthusiastically in that process.

A two day orientation program on "Enrichment of Teaching Skills and Strategies" was organized from 25/10/2023 to 26/10/2023 in Guru Nanak College of Education Bidar for teacher educators. The objective of the programme was to acquaint the teachers with the necessary teaching skills, procedures and new trends in teaching and how to apply them in actual teaching.

"Enrichment of Teaching Skills and Strategies"

On this occasion the chief Guest Dr. Reshma Kaur Vice Chair Person of Guru Nanak Group of Institutions, has inaugurated the programme and delivered speech on "Enrichment of Teaching Skills and Strategies". Dr. Rajashekar Almajre and Vilas Rao Kulkarni welcome to the Chief Guest and the Guest and Prof. M.Kattimani gave presidential remarks.

Use of new techniques and methods in teaching

If teaching is to be done, teachers should adopt new trends, techniques, methods in their teaching. For that, guidance was given regarding which new trends, techniques and methods should be used in teaching.

Positive student teacher interaction

The learning teaching process depends on positive interaction between teacher and students. In this orientation program guidance was given for student teacher interaction.

Second Day (26/10/2023)

"Overview of Specific Learning Disabilities"

Second day orientation program on "Overview of Specific Learning Disabilities". The objective of this programme was to create awareness among teachers about Specific Learning Disability. Through this programme information was given about the symptoms of special children and how to deal with them.

There are students with different abilities in school as well as in college level. Every student has different comprehension ability and study ability. Students with such different learning abilities face different problems while teaching. Therefore, guidance was given on how to identify students with different abilities (e.g. Gifted, Slow, Learning Disabilities) and how to teach them according to their abilities. Also various experts were guided on how to design and follow the assessment process for differently abled students according to the student.

The two-day orientation program was guided by various experts from Guru Nanak First Grade College Bidar. This guide provides useful guidance to all teachers and Teachers on how to implement teaching and assessment process for students with different learning ability.

There are five values

She said that in part II, Chapter 15 (Fifteen) deals with "Teacher Education" Due to many confusions and Complications, NCT has set up a special committee to study in detail the concept of Two (01) years and one year of B. Ed Course. He said Integrated Teacher Education Program is mandatory. The one (01) year course is a multiple entry, Two (01) is considered as a Diploma Course, Three year course will be the basic degree and Four year will be "Degree with honors". In Multidisciplinary institutions, a student can study any two unrelated subject. Reconstructing of our curriculum has been made mandatory. By 2030, a Four year Teacher Education will be realized. NEP has a holistic approach and its value based policy.

Based on five domains of human personality

1. Intellectual level

2. Physical level

3. Educational level

4. Spiritual level

5. Psychological levels

All three are based on three objectives

1. Cognitive

2. Affective

3. Psycho-motor-skills

All Colleges and Universities should practice

1. Knowledge as creation

2. Knowledge as dissemination

3. Knowledge as application

All Three are interdependent.

NEP Skill are employ ability skills and do not assure employment.

All round development in NEP means value and skill Enhancement like vocational jobs, orientation course, NCC, NSS, Red Cross cell ports, and many such Socio-cultural courses hence forth will be made mandatory.

She summed up by starting the main objectives of NEP Outcome based Education

1. Graduate Attributes
2. Pedagogy and its verties
3. Continuous Assessment

Shri Namdev, Lecturer in Psychology GNCPE introduced Guest of Honor – Dr. Nagesh Asst Professor, Dept of Chemistry Lecturer in Guru Nanak PG College, Shri Rajendra S Lecturer felicitated Dr. Nagesh.

Dr. Nagesh Sir, said that "Teacher without B.Ed Education are Teachers without license" He spoke

at length about Situational Leadership.

Theory which is based as –

1. Ability and willingness
2. Ability and unwillingness
3. No Ability but willingness
4. No Ability un willingness

As per the less of NEP 92% of teacher are unaware of NEP.

One has to study the concept of Teacher as a Leader and his success depends on the success of his/her student.

There are two issues for B. Ed teacher in NEP. They are –

1. Challenge
2. Opportunities

Skill Qualification the Cray of NEP in education is based on the need of Industrial skills.

The Socio-economic Change seen in this generation has to be matched with the intellectual change that needs to be addressed within a span of 20 to 30 years the social life has witnessed and undergone a vast change with qualitative development.

Hence there is a need for change in the field of education to update itself.

Old jobs, old Schemes, old as slow working systems have been vanished, as per the modern needs specific skill qualification and fast working system one placed.
